ABOUT ASHAPURA

With a legacy of more than 60 years, Ashapura is a leading multi-mineral solutions provider with a global footprint, having a wide network of operations pan-India and in 7 other countries. From soaps to steel, energy to edible oils, metal to medicine and cement to ceramics, we offer multi-mineral solutions across several industries. We firmly believe in enriching nature's mineral bounties in harmony with her and in harmony with society.

AZTOSORB 100TM

TOXIN BINDER

Product Description

AZTOSORB 100 is a pure E558 grade bentonite which helps animal health by adsorption of mycotoxins that contaminate the feed.

Benefits

- › Immunity builder & toxin remover
- › Growth Promoter
- › Readymade product for animal feed

Typical Properties

PARAMETERS	SPECIFICATION
pH	8 - 10
Moisture	12 to 14 %
Loss on Ignition	10 – 12 %
AFB1 binding capacity	Min 90 %

(Average values: the product delivered may show slight deviations from the values listed in the Technical information, since it is manufactured from a natural raw material)

Packing

It typically supplied in 1 MT Jumbo bag or 50/25 Kgs Bag.

Dosage

From 0.5 to 3 kg/MT of finished feed or depending on contamination level

Storage

Store in cool, dry & well ventilated place away from foreign materials.

GMO Status

This product does not contain any genetically modified organisms (according to EU Directive 1829/2003).

Hazard designation

Please refer Material Safety Data Sheet

AZTOSORB 200TM

MULTI TOXIN BINDER

Product Description

AZTOSORB 200 is unique combination of E558 grade bentonite and other natural material which helps animal health by fighting against mycotoxin-related issues of swines.

Composition

Bentonite E 558, Diatomaceous earth, Clinoptilolite, Yeast Cell wall and Parts, Algae

Benefits

- Improves gut health
- Pig fattening
- Multi toxin binder
- Reproductive system integrity

Effective against broad range of toxins

Aflatoxin B1 , Trichothecenes Group A (T2 Toxin), Trichothecenes Group B (DON), Zearalenone, Fumonisin

Packing

It typically supplied in 1 MT Jumbo bag or 50/25 Kgs Bag.

Dosage

From 1 to 2 kg/MT of finished feed or depending on contamination level

Storage

Store in cool, dry & well ventilated place away from foreign materials.

GMO Status

This product does not contain any genetically modified organisms (according to EU Directive 1829/2003).

Hazard designation

Please refer Material Safety Data Sheet

AZTOSORB 300TM

MULTI TOXIN BINDER

Product Description

AZTOSORB 300 is unique combination of E558 grade bentonite and other natural material which helps animal health by fighting against mycotoxin-related issues of ruminant.

Composition

Bentonite E 558, Diatomaceous earth, Clinoptilolite, Yeast Cell wall and Parts, Algae

Benefits

- › Improves yield of milk
- › Increase fertility in cattles
- › Improves immunity
- › It decreases the FCR ratio

Effective against broad range of toxins

Aflatoxin B1 , Type A trichothecenes (Toxin T-2), Fumonisin, Zearalenone

Packing

It typically supplied in 1 MT Jumbo bag or 50/25 Kgs Bag.

Dosage

From 1 to 2 kg/MT of finished feed or depending on contamination level

Storage

Store in cool, dry and well ventilated place away from foreign materials.

GMO Status

This product does not contain any genetically modified organisms (according to EU Directive 1829/2003).

Hazard designation

Please refer Material Safety Data Sheet

AZTOSORB 400TM

MULTI TOXIN BINDER

Product Description

AZTOSORB 400 is unique combination of E558 grade bentonite and other natural material which helps animal health by fighting against mycotoxin-related issues of poultry.

Composition

Bentonite E 558, Diatomaceous earth, Clinoptilolite, Yeast Cell wall and Parts, Algae

Benefits

- Increase the body weight
- Increases the egg size
- Intensifies egg yolk colour
- Reduces mortality rate

Effective against broad range of toxins

Aflatoxin B1 , Type A trichothecenes (Toxin T-2), Ochratoxin, DON, zearalenone

Packing

It typically supplied in 1 MT Jumbo bag or 50/25 Kgs Bag.

Dosage

From 1 to 2 kg/MT of finished feed or depending on contamination level

Storage

Store in Cool, dry and well ventilated place away from foreign materials.

GMO Status

This product does not contain any genetically modified organisms (according to EU Directive 1829/2003).

Hazard designation

Please refer Material Safety Data Sheet

AZTOSORB PLUSTM

Product Description

AZTOSORB Plus is unique combination of E558 grade bentonite and other natural material which improves animal health by fighting against mycotoxin-related issues of ruminant, swine & poultry.

Composition

Bentonite E 558, Diatomaceous earth, Clinoptilolite, Yeast Cell wall and Parts, Algae

Benefits

Ruminant

- › Improves yield of milk
- › Increase fertility in cattles
- › Improves immunity
- › It decreases the FCR ratio by 10 times

Swine

- › Improves gut health
- › Pig fattening
- › Multi toxin binder
- › Reproductive system integrity

Poultry

- › Increase in body weight
- › Increases the egg size and & laying
- › Intensifies egg yolk colour
- › Reduces mortality rate

Effective against broad range of toxins

Aflatoxin B1 , Type A trichothecenes (Toxin T-2), Fumonisin, Zearalenone, Ochratoxin, DON

Packing

It typically supplied in 1 MT Jumbo bag or 50/25 Kgs Bag.

Dosage

From 1 to 2 kg/MT of finished feed or depending on contamination level

Storage

Store in cool, dry and well ventilated place away from foreign materials.

GMO Status

This product does not contain any genetically modified organisms (according to EU Directive 1829/2003).

Hazard designation

Please refer Material Safety Data Sheet

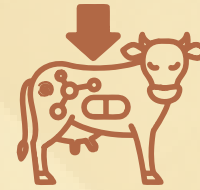

Benefits

**Improves immunity of
Animals and Birds**

**Increases the weight of
Animals and Birds**

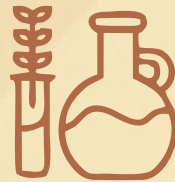

**Increases the milk
yield in cattle**

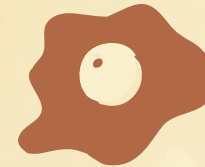

Improves the egg size

**Supposed to reduce stress
in Animals and Birds**

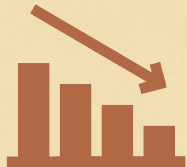

**Increases the palatability
of the feed**

**Intensifies the egg yolk colour
and hatching in birds**

**Increases the fertility in
Animals and Birds**

Decreases the FCR
